Letters

Folks: the letters selected below are a few of my favorite from years past. It's turning to early autumn as we compile this issue and this time of year always makes me wax nostalgic. The letters are accompanied by the original reply that was printed along with them the first time. These letters mean a great deal to me and I hope that many of you who have considered dropping me a line will be inspired to do so. Thank you so much for your time and words and thoughts.—K.C.

Helen, a boy

This is the first time I've ever written to you. I finally realized that the time had come to say "Thank You" for your efforts on behalf of all of us "she-males." You have been a champion of our lifestyle and a friend to all of us.

F.M.I. has certainly been, without question," the classiest publication of its type since its inception. As for yourself, I have always felt you were the best looking lady I'd ever seen. Whenever I felt that I needed inspiration, I'd get out photos of you and tell myself that if I could look 1/10th that good, I'd be OK.

This year is a milestone for me—I turn 39 in April! I can look back on 25 years of when I started cross-dressing—that's

T O T H E

right. Boy, was it easy in those days! My father was an executive who traveled a lot and often took my mother along. I was in the custody of an elderly aunt who was always asleep by 9 p.m.! I used to sneak into my mom's room and try on her clothes. At that age, her things were a perfect fit. How wonderful her delicate lingerie felt on my pubescent body. I'd fill her bra cups with nylon panties, fasten a garter belt about my waist and roll the stockings (seamless were the new "in" rage) up my slender legs. I used to choose knee-length skirts with flouncy half-slips, topped off with cashmere sweaters and wide leather belts.

Sling-back leather pumps with 3-inch heels could be made to fit my feet with a little adjusting. Even today, my small feet are a definite advantage (I wear men's size 7 1/2- ladies size?). My mother wore clip earrings and had a wide selection of jewelry to choose from so I always had good accessories. She also had two wigs in her natural hair color. I became very adept in applying and removing make-up.

After about 6 months of trials confined to the house I got up the nerve to take a stroll in the neighborhood one evening. I'll never forget how terrified I was! Expecting to be exposed

E D I T O R

by everyone who passed by. Much to my chagrin and delight I passed completely. Older people either didn't pay attention or were respectfully proper. Young girls looked with curiosity at my clothes or make-up but always smiled politely. Then the problem became apparent—young guys looked at me as being just what I appeared to be. I got whistles, cat-calls, and more attention than I'd bargained for. I blushed and stammered my way out of a few such instances in that first year to be sure.

Once I turned old enough to get my license to drive my folks began to leave me unsupervised. At that point I began to discover

my bisexuality. In 1961, a girl who went places alone was assumed to be asking for trouble. I loved to get dressed and go to a movie. I was so good at being a girl that I even was able to brazenly march into the ladies' restrooms without fear of discovery. It was in a theater ladies' room one night that I met a girl who struck up a conversation. She wore a tight straight mini-skirt, tank top and lots of make-up. She asked if I was alone and when I answered she invited me to sit with her for the rest of the movie. I was flattered to think I'd fooled her and agreed. After the movie, she asked me to drop her off at home which I agreed to do. When I pulled up in the lot behind her apartment building she made her move and reached under my skirt and grabbed me by the penis. She knew she had my undivided attention and what followed was a reverse rape situation that ended all too quickly for me. I came off in her hand in about two minutes!

Over the next year this girl had total control of my life. When my parents were away she'd move right in and take over. She took me shopping for my own wardrobe, choose all my clothes did my make-up, led me around to dances, parties and other events, introducing me as "Helen," her friend from out of town. She enjoyed her secret and the control she had over me. It came to an end only when she went off to get married a year later.

By the time I was a senior in high school my body had begun

to change. It became harder to achieve the look I wanted. I thought that perhaps the whole scene would just go away. Of course nothing was further from the truth. When I went away to college I took "Helen's" wardrobe in the trunk of my car. I lived in an old country inn off campus because of the college housing shortage. Weekends at the college were very quiet as most of the students were commuters. On Saturday nights, Bill would disappear and Helen

dress with black stiletto heels, dark pantyhose, full make-up (remember the pink lipstick with white over it?), long black wig and even false fingernails, I'll never forget the look on Doug's face!

His jaw hit the floor because I'd said "Hi Doug!" in Bill's voice. That night was a milestone in both our lives. People saw Doug out with a "girl" and to protect her from the slobs who tried to "make time" with her.

"I was good at being a girl. I was even able to march into the ladies room without fear of discovery."

would arrive, "She" attended all types of events from basketball games, to concerts, and to the campus Coffee House. Inevitably I met a young guy, named Doug, in one of my classes. He was quiet, shy and good looking. I asked him if he had a girlfriend and he blushed beet red. It took me about six weeks to pry the admission from him that he was gay. Now remember, this was 1964 and being gay was the kiss of death. Helen decided to provide the answer to both guys' problems! As Bill, I invited Doug to a rock concert one Saturday evening. I told him to walk over to my room and that I'd drive us both to the concert. He agreed and that evening when I opened the door for Doug he stood face-to-face with Helen! Dressed in a black and green striped mini-

We made love in my room after the concert that evening, three times. He treated me just like a girl wanted to be treated - gently and passionately. I'd never had a guy's cock in my mouth before but he showed me what to do and then did it all to me in return. We had four years together in that relationship and it was the happiest time of my life. To this day I don't believe that anyone knew the truth.

When we graduated in 1968 we were both inducted into the Army. Vietnam was in full swing and we both were sent there but in very different capacities. I was with a division support unit and saw very limited action. Doug was with the First Infantry Division as a foot soldier. I found out later that he was killed by a booby-trap with 41 days left on his tour.

After my discharge I got a good job for myself and settled into a very heterosexual lifestyle. Helen was nowhere to be seen from 1970 to 1978. I met a wonderful gal in 1971 and got married. We had three children, all of whom I love as dearly as my wife. Over three years I took her pulse on the subject of cross-dressing a number of times. It is evident that she would never tolerate my "other side." I've had to learn to live with this and adapt.

Because of this I've had to live a dual life since 1979. That year I discovered, quite accidentally, that one of my employees was a TV. I had gone to a local club one evening with some male friends from work. The place was packed with all types of people, young, middle and older ages, men and women. A local rock group was playing and everyone was drinking and dancing. I was doing my best to prove that at 32 I wasn't "(over the hill" on the dance floor. Just then a very attractive younger woman with short blonde hair and a attractive figure brushed up against me. As I turned, the band began to play a slow song and she asked me to dance! I was fascinated said "yes." As I took her into my arms she pressed close and I could smell her perfume as it surrounded me. I was totally captured and unprepared when she asked me if I wanted to go somewhere for a drink. We left the club separately and met in the parking lot outside.

She said her name was "Joann" and I stupidly lied and said was "Bob." We got into my car

and she suggested her place for another drink. I drove about 2 miles to a classy neighborhood of brownstone townhouses. When we got inside her apartment, she turned and kissed me aggressively. I felt unable and unwilling to resist. Our lips opened, our tongues met, our breathing became heavy and my dick went straight.

We began shedding clothing as we moved to her bedroom. When I was down to undershorts, she still had bikini panties, bra and a silk blouse on. That much clothing was a "turn-on" and she soon had my cock in her hand with a steady pumping rhythm. I began to beg for relief and then "she" let go of my cock and in a very male voice that I recognized immediately, said, "But, Bill, if you come first, will you remember to take care of me?" Obviously my mouth fell open and my dick went flaccid!

The voice belonged to a slender, effeminate young man who had worked in my office mail room for 3 years. You can image the thoughts that raced through my mind. I was ruined - my career and my home life were going to be destroyed!

Of course nothing could have been further from the truth. Joann confessed to having a "crush" on me for years. Our meeting that evening had been pure chance and since she had drunk as much as I she decided to see if she could put the make on me. It worked! She not only blew my socks off that night, but also introduced me to anal intercourse. I reciprocated by sucking every last drop of her

sweet jism down my throat. When we were both spent we lay together talking quietly. We decided to conduct a discreet affair and she understood my family situation and accepted it.

After three or four dates I decided to test her reaction to Helen. My family always summered at a resort about three hours from our regular home. They'd leave in late June and return Labor Day. I would come down on weekends and for the last week of August through the holiday.

About two days before the family was due to depart I conjured up a story about an allergic reaction that caused my skin to itch. My wife bought it hook, line and sinker—she applied depilatory to the areas I couldn't reach and after I was totally smooth she spread cortisone cream on me for the "itch." Two days later I resurrected Helen's wardrobe from the storage room where it had been hidden for nine years. I was crushed! Almost everything was out of style.

Reluctantly I withdrew several hundred dollars from the bank and set off to correct the problem. I was amazed at how easy shopping for women's clothes was at that stage of my life. With my wedding band on, a shy look on my face, and the "It's for my wife" line I got all the help I needed! I simply used my own height and weight measurements (5'6" and 145 lbs) and in no time at all I had completely reconstructed the entire wardrobe with fashionable items.

The wig counter at a local

department store was manned by an elderly oriental lady who never blinked an eye when I took three wigs into a back room to try on!

Shoes and make-up completed the ensemble and I rushed home, three hundred dollars poorer but very excited.

I had told Jo-ann of my family's plans for the summer and suggested that we meet that evening at 8 p.m. in the lobby of a downtown hotel. I left work early, stopped at a store for some last minute items (false nails and eyelashes) and hurried home. It had been almost nine years since Helen had looked back at me from a mirror. I was very nervous as I prepared for my big evening. I took a hot bubble bath, shaved my legs and face very, very close and then used Chanel after-bath lotion all over my body. I painted my toenails because I had chosen white open toe sandals with four-inch heels. I cut a strip of old nylon stocking for a gaff - tucked my testicles into my body cavity, looped the gaff around my cock and pulled it back between my legs. This isn't as painful as it sounds and it did give me a very flat crotch. I slipped black bikini panties on and followed with a matching black lycra bra. I filled the cups out with falsies from my old stash and stepped back for a look. Except for a slight paunch at the waist, the effect was terrific I hurried into the bathroom to do my make-up and was shocked by the amount of time it took. I'm a perfectionist on make-up because if you do it right it prevents you from getting your

bones broken by jerks who see a "beard shadow."

It took over an hour but with smoky eyeshadow, modest sized false lashes and a good bit of eyebrow pruning I was finally satisfied. I slipped into the black raw silk shirtwaist dress I selected, put on a wide white leather belt, drawn extra tight, and then put on white plastic bracelets, necklace and earrings. I adjusted the short blonde wig, applied lipstick and perfume and then sat down to do my nails. I felt that if you have soft hands and do your nails perfectly you can effectively disguise male hands. I wore three costume jewelry rings on each hand and that helped also.

I packed a small white leather clutch purse with money, driver's license, a gas credit card in my wife's name, cosmetics, brush and tissues. I was ready. The drive downtown took fifteen minutes and when I parked the car and began to walk towards the hotel a strange thing happened. Men started to whistle, turn their heads in admiring glances and say very complimentary things. I smiled demurely and walked to the front door of the hotel. The doorman opened the door, tipped his hat and said, "Evening Ma'am." I was exhilarated! It may have taken hours but I'd done it again!

I swung my hips a bit more, shortened my steps to accent my walk and marched right into the lobby. Jo-ann was sitting in a lounge chair, wearing a red blouse and white skirt. When I walked up to her she seemed con-

fused and didn't recognize me at all. I bent down and quietly said, "Hi, sweetie, looking for a good time?"

When she recognized my voice, her jaw dropped and she was speechless!

That night began the start of my current chapter of life. Jo-ann and Helen still go out as girlfriends and still enjoy some tender lovemaking. But each of us has also gone separate feminine ways. These days Jo-ann is into the tall, dark and handsome type, but I'm more interested in the quiet, shy type.

We get together to compare notes at least once a month. Some of those notes would make interesting reading - maybe I'll send them along next time!

This letter started out as a note to thank you, Kim, for your support of all TV's. It's turned into a biography of Helen.

Please accept my thanks for all your efforts over the years. I feel that you are a true "sister" to all of us.

Yours truly,
Helen

We'd like to thank Helen for an honest account of her cross-dressing life. It isn't easy to be this frank with one's self as I'm sure those of you who have had to live a closeted life know. It's tragic that Helen cannot share her female side with her family. She seems a warm and loving person. However Helen seems to have made the test of it for herself and we think that's great! We hope that Helen will write again soon to us, and we hope that she knows that we

broken doll

My name is Jim Wilson and I served as an army corporal with the 82nd Division

Airborne in Vietnam from 1967 to 1968.

Well at that time the war was at its height and a grunt didn't get much time away from the rigors of the jungle. In fact, it's been estimated that only 10% of our G.I.s spent any time in Saigon at all. Luckily, I was among that 10%.

I met her on the last night of my three-day Saigon pass. I had spent the two prior evenings drinking and carousing with my buddies, but on

that final night in Saigon, I wanted to meet someone special. Little did I know then how special she would turn out to be.

So I set out on my own that evening. Tu Do Street was the redlight district in Saigon that catered almost exclusively to Americans. Both sides of this thoroughfare were packed with bars full of Vietnamese babes all looking for action and greenbacks.

I found myself in a bar called Misty's. It was comfortable, cozy, and quiet with that sort of dark, exotic ambiance all Tu Do bars

seemed to have. However, Misty's had a mellow jazz band—most other places featured rock or country. This jazz stuff was new to me, but like I said I was looking for a different scene that night.

The girls in Misty's—we called them "hostesses" or "b-girls" (bargirls)—ran the gamut from young to old; thin to fat; pretty to ugly—the whole damned spectrum one always saw in Saigon. But there was this one girl who stood out from all the rest.

She was taller than most Vietnamese, with a full bosom. Indeed her tits seemed to almost burst out of her "ao-dai" (their "national dress" - a satiny, form-hugging slit skirt). She had a flat belly; narrow waist; and a pert little ass. Her ao-dai was white and complimented her figure very nicely; while her 4-inch heels were black and together with her black stockings, beautifully accentuated the shapeliness of her legs. Her hair was thick, straight, long, and raven-black. Her teeth white and even as she smiled and gave me a "come hither" look, Wow! It was still early in the evening and look at the doll

I'd found.

I tried to act nonchalant as I sauntered up to her at the bar. However, I could feel a "rise" in my trousers (give me a break—I was 19 years old!)

"Hello" I stammered.

She smiled as she sized me up. Her eyes were two very black, moist pools and they locked into mine.

"Hello," she purred. Her voice was deeply sensual.

It was a real effort for me to keep my eyes off her ample cleavage, I'd never seen a Viet with boobs that big,

"May I buy you a drink?"

"Of course."

She ordered a Pepsi. Tu Do b-girls were forbidden to drink alcoholic beverages while "on duty."

I took a big sip of my double Jack Daniels. I needed it.

"What's your name?" she asked.

"Jim. What's yours?" I tried to loosen up a bit.

"Thuy." She pronounced it "Twee."

"Very nice name," I mumbled.

"Are you stationed in Saigon?"

"Yes," I lied, then clammed up for a moment.

Christ, she was so beautiful I truly felt intimidated.

"You know, your English is very good," I said lamely.

I could see her blush a little under her makeup.

"Oh, thank you," she gushed. "I go to school day-times. I'm studying English."

"Yeah? You find time to go to school and work here, too?"

"It can be very difficult." She pursed her lips into a sort of pout, then let her hand drop onto my forearm. Her fingers were very long and her nails were perfectly done. She played a little with the hair on my arm,

I took another sip of my drink.

"Would you like to dance?" My voice sounded like it belonged to someone else.

"Sure."

Thuy took my hand and led me to the dance floor. The house band was playing the slow, sexy "Harlem Nocturne", Thuy melted into my arms. Suddenly, I felt I could mold her anyway I wished that night.

I decided to commit myself to a course of action.

"I have a room at the Rex

Hotel, Will you stay with me tonight?"

There, all the words came out right. I was even a bit proud of my newly-surfaced boldness.

Her voice was a soft whisper, yet very empathetic.

"Yes" she said.

We finished our dance, abandoned our unfinished drinks, and were off in a cab bound for my hotel.

Inside the taxi, Thuy snuggled up close to me. I put my arm around her shoulder and reflected—with wonder—at my good luck.

She hadn't even brought up the subject of money.

My hotel room was fairly dark and very cool. I'd purposely left the air-conditioner on before I went out that evening.

"Your room is very nice," Thuy remarked.

"Thanks, let me turn on the TV for you."

I did so, then attempted to flick on some more lights, but before I could do this, Thuy quickly said, "Oh, no, there's already enough light."

"You sure?"

"Yes," She smiled, a bit nervously, I thought.

Well, all this suited me

well enough. Soft light equals romance!

"I'm going to take a shower" I said.

"Okay. Then me," Thuy smiled again, then sprawled across the bed.

She was hot!

I quickly showered and came out in my huge bath towel. Thuy followed my example and soon enough we were on the big bed together I kissed her ripe lips and she was wildly responsive—sticking her tongue into my mouth. I pulled the top half of her towel down and nuzzled her big tits. They were rather hard—no big deal. Lots of the bargirls had silicone tits.

I tried to pull away her bath towel, but Thuy wouldn't let me.

Instead, she pulled away my towel and gave me a blowjob worth killing for. Man, that chick sucked cock like she was born to do it. Teeth and tongue worked in exquisite combinations and finally culminated in my roaring orgasm. I came in her mouth and she swallowed all of it.

My God, I thought, I'd have a heart attack! It was that good.

"Are you happy?" Thuy asked sweetly.

"Oh, yeah," I groaned, I wanted to eat her pussy in order to show my gratitude, but she pushed my hand away again as I pulled at her bath towel. I dropped my hand onto her lap and felt...oh, no!

Thuy jumped up and ran to the furthest corner of the room. She began crying, then sobbing hysterically while—at the same time clutching her towel about her as if she were guarding Fort Knox.

I rose from the bed in an astonished rage. As I stood there, totally naked, I could only think, *Maintain, man, maintain. This is not your country, If you hurt this person, you may never see daylight again.*

I grabbed her clothes and shoes and flung them at her. Then I threw open the door and pointed to the hallway.

"Get the hell out of here" I shouted.

Clutching her things, whimpering and sobbing, Thuy darted out of my room. I slammed the door shut, then sank to the bed with my head buried in my hands.

Yeah, Thuy was a real doll, alright,

Thuy was a guy! ♥

Auntie V's

What a pleasure to revisit this Leoram classic (code number AV) from the early golden age of Kim Christy's ventures. The redhead little tempest, Viper (Auntie V) teams well with the raven-haired Morelle DeKeigh to shame and transform her slender, high cheek-boned nephew into the sissy he's always wanted to be. And how wonderful to have an aunt that has she-males for such close companions. They come in so handy when it's time to feminize one's relatives. And nephew Leslie becomes quite a slut.

Candy Boy

When young fine-featured Leslie comes to visit Auntie V, she tells him to make himself to home. Be comfortable. Help himself in the kitchen. Just DON'T TOUCH THE LAUNDRY HAMPER! Is that too much to ask? And, as if pre-programmed to just that, the moment Auntie V has to run to the packy to get some cigs, Leslie makes a feast of the soiled underthings all piled up in Auntie V's forbidden hamper. MMMmmmm...Tabu, whisky and Salems.

LEORAM
VIDEO
SPOTLIGHT

Funtie I's

And what a delightful transformation it is. Poor innocent little sissy Leslie had no idea his aunt and her friends were so experienced and even willing to make little girls out of little boys. He is forced to strip in front of the women and he hesitates to take his underwear off. "All of it!", screams Morelle as she licks her luscious frosty lips at the sight of the stripped and shamed young man nude before her. These are not your sweet transformers types. These gals like it to be a little rough and poor Leslie is battered about a bit as he is encased in silk stockings and a pretty matching pink metallic garter and bra set. His panties are so transparent that you can see the root of his shameful cock peeking through the fabric. The women delight in this and graze their pointy nails all over his young flesh.

Panty Boy

Poor Leslie. All he wanted was to maybe swish around in Auntie V's petticoat and sniff some nylons. Suddenly this little lingerie party has turned into a de-masculinization of the strictest order. Leslie was playing with fire when he opened the hamper door. And now Morelle DeKeigh is going to show him that not all girls are alike. Morelle has something special down there that she wants to show to Leslie and she's warming him up by calling him a slut and a whore and soon Auntie V is putting extra lipstick on poor Leslie's mouth to help as cock slide for his oral assault. Morelle want to rip off a piece of his face and his ass before she's through with him!
